

## ISOL-FIX®

### Fixing for sealing elements at foundation level

**ISOL-FIX**

#### Description

- Fixing for sealing elements in all materials at foundation level.
- 100% nylon polyamide 6.
- Colour: brown.
- Drill hole Ø6 mm.
- Number of fasteners per m<sup>2</sup> : 3 or 4.

#### Product benefits

- One advantage is that it replaces steel studs: less waste and better hold over time (no corrosion)
- Preserves the impermeability of PVC insulation.
- Quick and easy: Drill, knock into place, done!
- All materials.
- Made in France.
